# Valued Friends & Investors

We would like to extend our gratitude to the thousands of volunteers, educators, and supporters who enabled us to achieve a record-breaking year of outreach.

Your commitment to JA students connects the classroom to the world of work, creating a robust experience for each student who participates in Junior Achievement.

As you've likely seen in the news, budget cuts at the city and state level continue to impact our students' overall education. However, thanks to the generosity of our donors we have been able to continue offering JA programs at no cost to schools, teachers, or students. With the support of the private sector, we delivered JA programs to 554,742 students in twelve counties during the 2015 – 2016 school year. The students we reached are now better equipped to manage their finances, become entrepreneurs, and enter the global workforce.

On the heels of our successful 75th Anniversary in 2015, this year was also a time to reflect and plan. We unveiled a 2020 Strategic Plan, focusing on increasing the overall JA experience for each student. By continuing to implement technology-based programming while utilizing the in-class volunteer, we hope to make the JA experience even more impactful. We also plan to grow our brand and reach new audiences through social media and our evergreen "Take Your Work to Kids Day" campaign that Leo Burnett Worldwide and Starcom USA developed for us last year.

**Thank you for all you do to make a difference in the lives of our students and connecting them to success!**

# Elementary School Programs

The Junior Achievement elementary school programs include grade-specific lesson themes for kindergarten through fifth-grade students. Elementary school programs teach students the basic concepts of business and economics and how education is relevant to the workplace.

The curriculum teaches young students that people assume roles as individuals, consumers, and workers in their family, community, and the world around them.

**9,049**  
Volunteers

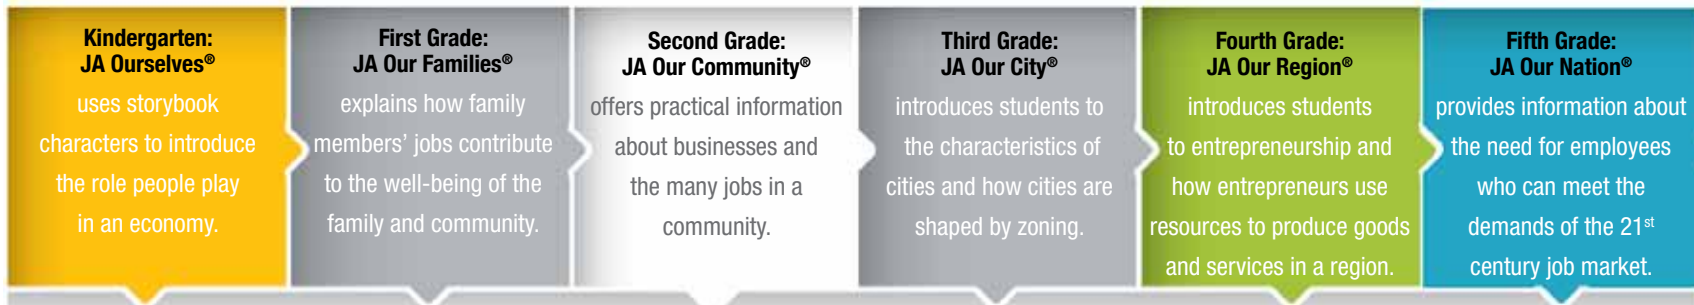

**12,169**  
Classes

**249,410**  
Students Reached

## PROGRAMS THAT BUILD UPON EACH OTHER

Sequential activities build on studies from each preceding grade and prepare students for secondary and lifelong learning.

**Afterschool: JA More Than Money®** teaches students about earning, spending, sharing, and saving money.

**2,147**  
Volunteers

**7,061**  
Classes

**150,060**

# Middle School Programs

Junior Achievement middle school programs build on principles from the elementary school programs, helping students recognize education as a key to success. These programs stress the importance of education and staying in school, while introducing students to more in-depth economic concepts and the world of work.

## JA Economics for Success®

gives students the information needed to build strong personal finances, a cornerstone to a happy, secure life. Students learn the importance of exploring career options based on their skills, interests, and values.

## JA Finance Park Virtual®

introduces students to personal financial planning and career exploration.

## JA Global Marketplace®

takes students on a spin around the world. The program helps students understand how goods flow through various economies and the effect globalization has on their lives.

## JA It's My Business®

encourages students to use critical thinking to learn entrepreneurial skills. By examining the characteristics of successful entrepreneurs, students learn that a belief in one's self can make positive things happen in life.

## JA It's My Future®

provides practical information about preparing for the working world. Students learn about career clusters, high-growth jobs, career planning, and creating a personal brand.

# High School Programs

**2,942**  
Volunteers

**7,618**  
Classes

**155,272**  
Students Reached

Junior Achievement high school programs give students a practical perspective on handling their finances, understanding the economy, and managing their future educational and career choices.

Students participate in hands-on interactive programs where they practice important business concepts. Some of the concepts taught include: applying personal values in the workplace, interpersonal skills, problem solving, personal finance, micro and macro economics, and career clusters.

## Programs Offered:

### JA Be Entrepreneurial®

challenges students, through interactive classroom activities, to start their own entrepreneurial venture.

### JA Career Success™

equips students with the knowledge required to get and keep a job in high-growth industries.

### JA Company Program®

unlocks the innate ability in students to fill a need or solve a problem in their community by launching a business venture.

### JA Economics®

explores the basic characteristics of the U.S. economic system.

### JA Exploring Economics®

uses hands-on activities to explain complex economic concepts.

### JA Finance Park Virtual®

introduces students to personal financial planning and career exploration.

### JA Job Shadow™

prepares students to be entrepreneurial thinkers in their approach to work.

### JA Personal Finance®

explores the fundamental elements of personal finances.

### JA Reverse Job Shadow®

brings professionals into the classroom to share their career journey.

### JA Titan®

allows students to operate a virtual company through a web-based simulation.

### JA You're Hired!

is a one-day challenge where students compete in networking and team-building exercises.

# 5th Annual High School Competition

In April, hundreds of area high school students attended Junior Achievement of Chicago's 5th Annual High School Competition at Robert Morris University. Students participated in a variety of networking, communication, and resume writing activities, while others competed in the JA Titan® Competition.

Additionally, select students presented their JA Company Program® companies to a panel of judges. A Bite of Barrington from Barrington High School won "Company of the Year" and went on to represent Chicago at the JA National Student Leadership Summit.

Thank you to the dozens of volunteers and to our sponsors:

**Discover Financial Services, HSBC Bank USA, N.A., ITW, and Robert Morris University Illinois.**

## Scholarships

Each year, JA gives thousands of dollars in scholarships and awards to exceptional students who have participated in JA programs. This year, Junior Achievement high school seniors received more than \$180,000 in scholarships thanks to the many friends in the business, professional and educational communities. With their support and belief in higher education, our students are provided with a terrific opportunity at future success.

The top award, the Colonel Henry Crown Scholarship, provides four students with \$40,000 over the course of four years at an accredited college, and includes a paid summer internship at a Henry Crown affiliated company.

**\$180,000**  
**Student Scholarships**

## The Taco Bell Foundation Connects Students with College and Careers

The Taco Bell Foundation believes all young people deserve the chance to follow their dreams and reach their full potential through high school graduation. At a time when youth are unsure about their future, they are there to support them with the resources and opportunities needed to ignite their passions and become the next generation's leaders.

Each year, Taco Bell invests over \$100,000 in Junior Achievement of Chicago's programs. Additionally, dozens of employees from Saratoga Food Specialties, a Taco Bell vendor, volunteer in JA classrooms to teach JA programming and encourage students to graduate. We'd also like to thank NJB Operations for providing additional volunteers and donating lunch for our annual "Graduate for Más" high school events.

All teens are encouraged to take the pledge to graduate at <https://getschooled.com/graduate-for-mas>.

Thank you Taco Bell Foundation for your investment in JA students!

## University Volunteers Connect the Classroom to College

JA partners with dozens of universities and colleges each year. Their dedicated and inspirational student volunteers deliver the programs effectively and with great impact to make a positive difference to the K-8 students in many at-risk communities. Elementary students benefit from having a role model they can relate to in their classroom while experiencing the JA program. Meanwhile, college students build public speaking and leadership skills that they can apply to their academic and professional career.

# Whole School Partnership

A Whole School Partnership is unique because companies can adopt an entire school in the neighborhood where they do business. Every student at a chosen school benefits from JA's programs, while company employees have the opportunity to develop a special bond with the community they serve. This year, 615 Whole Schools partnered with JA in our Whole School Program.

The Whole School Partners listed in the following pages made significant financial and volunteer contributions during the 2015 – 2016 school year, enabling JA to provide an entire school of students with the tools they need to build their dreams.

## Requirements for Junior Achievement's Whole School Partnership

A financial investment to cover all program materials, training, supplies, staffing, and evaluation needed to carry out the programs.

A commitment to provide the necessary volunteers to teach the JA curriculum in every classroom.

The appointment of a liaison from your organization to work with JA staff representatives to coordinate the activities between your organization and the school.

# 34<sup>th</sup> Annual Chicago Business Hall of Fame

Wednesday, October 5, 2016 at the Chicago History Museum

The Junior Achievement Business Hall of Fame signature event honors the incredible life stories of business leaders who have provided for the Chicago community and serve as exceptional role models for today's youth.

**BRYAN C. CRESSEY** | Co-Founder and Partner | Cressey & Company, LP

Cressey is a pioneer of the venture capital and private equity industries. He has co-founded three significant Private Equity firms over 35 years that are each highly successful today. At age 30 he was co-founder of his first firm, Golder Thoma Cressey, now known as GTCR. Eight years ago Bryan co-founded Cressey and Company, known for its expertise investing in healthcare providers.

The Wall Street Journal credited Bryan's firm with inventing the Industry Consolidation investment strategy. Bryan has also partnered in the building of two NYSE traded firms over the past two decades. He recently created an addiction treatment center called Above and Beyond, on Chicago's West side, bringing free life transformation opportunities to the homeless and poor.

**BETSY D. HOLDEN** | Senior Advisor, McKinsey & Co. | Former Co-CEO, Kraft Foods, Inc.

Holden has been CEO of the largest food company in North America and has consulted across industries during her 35 year career. She is an innovative marketer with a track record of building brands, businesses and people. She broke barriers as one of the first female CEOs of a major company and is a strong champion for advancing women in the workplace. She has a long history of impactful philanthropic leadership of educational, inner city youth, and arts organizations.

**ROBERT L. PARKINSON, JR.** | Chairman Emeritus | Baxter International Inc.

For 40 years, Parkinson has been an enlightened leader in healthcare, revitalizing Baxter International during his 11-year tenure as Chairman and CEO. Under his leadership, Baxter generated shareholder returns significantly outperforming benchmark indices such as the S&P 500 and the S&P Health Care Index. He currently serves as Chairman of Loyola University Chicago's Board of Trustees. He passionately believes that educators advance societies, and he supports numerous initiatives to promote broader STEM education.

**JAMES A. SKINNER** | Executive Chairman | Walgreens Boots Alliance, Inc.

Skinner is one of the most well-known CEO's of the business community for his endeavors in leading the McDonald's turnaround as CEO from 2004 to 2012, culminating a 41 year career. His most meaningful accomplishment is overcoming an abusive childhood through self development, much of which came through his service in the U.S. Navy. At 17 years old, he found a structured, nurturing environment through the military with mentors and role models who helped shape his future. Additionally, his marriage to wife, Kathleen, and the birth of his daughter, Jennifer, both supportive and loving individuals, significantly contributed to his success.

# Junior Achievement of Chicago Celebrates 75 Years of Taking Work to Kids

On October 7, 2015, JA commemorated our 75th Anniversary with a dinner and reception at the Hyatt Regency Chicago. The theme was “Take Your Work to Kids Day,” the evergreen campaign Leo Burnett Worldwide, Starcom USA, and FleishmanHillard created for us in honor of this milestone year.

This event celebrated JA’s past success while looking forward to future accomplishments. Former ITW Chairman and CEO, David Speer, who was a champion of JA’s mission, was posthumously inducted into the Chicago Business Hall of Fame. Appropriately, his story was told by students of the ITW David Speer Academy, and many former Hall of Fame inductees joined us to be part of this well-deserved honor.

We’d like to thank the all of campaign supporters and dinner co-chairs, as well as the campaign co-chairs, Susan Crown, W. James Farrell, and John D. Nichols. For a complete list of our generous 75th Anniversary Campaign sponsors, please see page 35.

Former ITW Chairman and CEO, David Speer, who was a champion of JA’s mission, was posthumously inducted into the **Chicago Business Hall of Fame**.

## OFFICERS AND DIRECTORS

JA's Board of Directors is comprised of executives and business leaders who represent a wide range of backgrounds and professional expertise. Bringing a great wealth of wisdom, insight, and experience, this dynamic team provides a hands-on approach to positioning JA as a leader in economic education. The leadership and philanthropic efforts of the Board of Directors are at the forefront of our accomplishments and mission.

\*Current year data is extracted from the financial statements audited by RSM International. Copies of the audit are available upon request from Junior Achievement of Chicago.

Junior Achievement of Chicago was founded in 1940 and provides financial education programs at no cost to schools and students in the Chicago area. JA is a not-for-profit tax-exempt corporation under Section 501(c)(3) of the Internal Revenue Code and is a publicly supported organization as defined by Sections 170(b) (1) (A) (vi) and 509 (a) (1) of the code. Contributions to Junior Achievement of Chicago are deductible for federal income tax purposes, limited to the excess of any money contributed by the donor over the value of the goods or services received. Junior Achievement of Chicago's total net assets were \$17,557,733 for the year ending June 30, 2016.

# FIRMS AND ORGANIZATIONS

Our supporters range in size from global corporations to small local businesses, but they all share the common goal of empowering Chicago area youth to own their economic success.

We sincerely thank every one of these organizations for providing JA volunteers during the 2015-2016 school year.

We would like to formally thank and recognize the generous donors that contributed to our \$7.5 million campaign, in alignment with the commemorative 75th anniversary year.

This campaign was launched to fund in perpetuity JA's growing resource of non-traditional volunteers — college students, high school students, veterans, retirees, and volunteers from community organizations, parent groups, and other organizations. Since 2000, JA's student outreach has doubled, due in large part to more JA classes being taught by non-traditional volunteers.

The campaign was established to ensure that JA can continue to expand its impact.
