

JA of Chicago Programs

Junior Achievement's unique delivery system provides the training, materials, and support necessary to bolster the chances for student success. Our programs help prepare young people for the real world by showing them how to generate wealth and effectively manage it, how to create jobs which make their communities more robust, and how to apply entrepreneurial thinking to the workplace. Students put these lessons into action and learn the value of contributing to their communities. **Click on the icons below to learn more about our K-12 programs.**

NEW! Virtual Program Options

- * Educator led programming. Educators will have access to JA materials as well as other resources like videos and fillable PDF documents.
- * Pre-recorded videos. JA has pre-recorded sessions and career speaker videos available for educators.
- * Virtual career experiences. A virtual JA volunteer can connect with students to share their careers experience via collaboration software.
- * Work readiness workshops for Middle & High school. Students can learn more about resume writing, interview tips, and communication skills. This is offered throughout the school year and can be customized.
